LETTER OF SUPPORT AND CONGRATULATION FOR  
XII BRAZILIAN CONGRESS OF CHINESE MEDICINE &  
III INTERNATIONAL CONGRESS OF FACULDADE EBRA MEC

Dear Dr. Reginaldo Filho,

I am very pleased to learn the 12th Brazilian Congress of Chinese Medicine and the 3rd International Congress of Faculdade EBRA MEC will be held on 22-28 May 2023 in Sao Paulo, Brazil.

It is my pleasure and honor to express our support for the above congresses and congratulation to you and your colleagues for the success of previous congresses. With expert speakers from 20 countries all over the world, the coming congresses will undoubtedly be more successful.

I believe the congresses will further reinforce the important contributions of traditional medicine, particularly acupuncture and Chinese medicine, to the progress of modern healthcare and strengthen the role of traditional medicine in people's health and wellbeing.

I wish the congresses a great success and wish all delegates good health!

Zhilin Dong
